

Materials Fee

We ask each student to submit a \$40 fee to their home school. This fee helps to off set consumable material costs.

Welcome

We welcome visitors to the Bluewater Technology Centre sites. Just give us a call to let us know you're coming.

About Us

The Bluewater Technology Centre, (BTC) provides intermediate students with a unique learning opportunity. Students from grades 7 and 8 travel by bus from their home school to one of the four sites of the BTC located at:

Georgian Bay Secondary School in
Meaford

Hepworth Central Public School in
Hepworth

John Diefenbaker Secondary School in
Hanover

Kincardine Township - Tiverton Public
School in Kincardine

The BTC consist of four broad-based technology areas which are divided into eighteen Modules. These Module challenges are completed during a full day visit to the Centre. Over the course of the two year program, students will complete all eighteen module challenges; providing exposure to a wide range of technologies.

Bluewater Technology Centre Modules

Current Modules include:

- * Life Management
- * Childcare
- * Computerized Sewing
- * Food and Nutrition
- * Fluid Power
- * Computerized Sign and Engraving
- * Robotics
- * Video Editing
- * Music Studio
- * Animations
- * Computer and Internet Skills
- * Digital Presentations
- * Database
- * Telecommunications
- * Small Engines/Aerodynamics
- * Structures
- * Wood/Plastic
- * Cellular Scientific Investigation

We would like to encourage current Bluewater Technology Students, grade six students and all others interested in our program to visit our website to learn more about our program. Parents can also view schedules and Module information.
